DUNCAN IS FIGHTING POWER OF PRESIDENT SAMUEL GOMPERS

The Federation of Labor Is Facing a Big Fight At Montreal—Proposition Is To Recognize the Russian Soviet Government—James Duncan Is Fighting President Samuel Gompers For Power Over the Federation.

(By Associated Press) Montreal, June 11.—The conservation wing of the American Federation of Labor is threatened by the progressive element headed by James Duncan, of Seattle, who yesterday overthrew two major reports of the organization committee and prepared to again contest President Samuel Gompers' power. The progressives seek to release all political prisoners in recognition of Russian soviet government. Conservatives predict Gompers return will restore conservatives to power. There is a fight now pending in the American Federation of Labor.

THE M'ADOO SHADOW AT CHICAGO

(Special to the Eagle) Chicago, Ill., June 11.—Mr. and Mrs. William G. McAdoo arrived here yesterday from California on their way East. They were spectators at the national Republican Convention and the McAdoo "shadow" fell over the body in reality. Col. Wm. Jennings Bryan still sat in the press gallery and stroked his chin. He is headed toward Frisco with his political battle-axe looking for Gov. Edward Edwards of New Jersey, and Governor Jim Cox of Ohio. It has been long suggested that Governor Edwards should eat a clove every time he sees Billy Bryan coming his way.

PINK BOLL WORM LAW NOT SATISFACTORY U. S. GOVERNMENT

(By Associated Press) Austin, Tex., June 11.—A resolution proposing the appointment of a committee of three "to inquire into the condition of affairs which led Governor Hobby to send troops to Galveston" were offered in the house by Representatives Malone of Tarrant, and Brady and Beason of Galveston. They said today, similar resolutions were defeated in the senate. The Federal Horticultural Board renewed a threat to withdraw federal aid and enforce quarantine if satisfactory boll worm bill was not passed. The bill passed Wednesday by the House known as the Wolters-Cureton bill is not satisfactory to the U. S. Department of Agriculture as it only provides for regular cotton zones.

THE WEATHER

Tonight and Saturday, partly cloudy.

BUSINESS MEN'S BIBLE CLASS IN GREAT BANQUET

The members of the Business Mens Bible Class of the First Baptist Sunday school were entertained at a banquet at the Elite last evening given by President M. E. Wallace and the other officers of the class. A large number was present and to say they enjoyed every moment of the time, does not half way express it. Aside from the very delicious refreshments provided, a program had been prepared in advance that was not only unique, but as a genuine mirth provoker, has rarely, if ever been equaled in the social affairs of Bryan. The teacher of the class, Dr. John A. Held was selected as the "victim," and the conspiracy entered into against him was equal to some of the more noteworthy court proceedings in the large cities.

In the first place, Mr. Wallace, the retiring president, stated (in great seriousness) that he wanted his administration either endorsed or rejected. He understood there was some dissatisfaction and that it had been caused by the teacher because the president had supported J. W. Bailey for governor. He wanted a vote taken by the class on the four gubernatorial candidates and if Bailey got a majority, that was to be an endorsement, if not, then he was repudiated. Accordingly the names of the four candidates were written on a large mirror and the vote taken which resulted in Neff 3, Looney 2, Thomas 1, and Bailey 27. The result was declared and a good laugh was enjoyed at the teachers expense who had heartily seconded the plan of endorsing or repudiating the president. A number of telegrams were received during the evening and on being read, proved to be take-offs on the teacher, the president and other members of the class that caused much merriment.

LOVE SAYS BAILEY HAS NO LEGAL RIGHT TO RUN FOR GOV.

(By Associated Press) Dallas, Tex., June 11.—That it would be a bad precedent for the state democratic executive committee to decide whether a candidate has a legal right to a place on the ballot was the opinion expressed today by Mr. Love in further commenting on the protests filed with M. H. Wolfe, chairman of the committee against the name of Jos. W. Bailey being placed on the ballot as a candidate for governor.

"I believe that Bailey has no legal or moral right to run for governor of Texas," Mr. Love said, "but that is a question for the courts or the people to decide. Let the courts decide whether he is a legal resident or not."

(By Associated Press) Geneva, June 11.—Mrs. Carrie Chapman Catt was unanimously re-elected president of the International Woman Suffrage Alliance today. She has agreed to accept the office again despite her declaration in a speech yesterday that she felt compelled to retire.

(By Associated Press) Norristown, Pa., June 11.—The mothers of children throughout the country were appealed to by the mother of thirteen months old Blakeley Coughlin, kidnapped in Pennsylvania nine days ago, thought found in Dallas, to help find the baby. The police decided the Dallas baby was not Blakeley Coughlin.

WOMEN SHOUT FOR WOOD IN CHICAGO CONVENTION PARADE

Wood, Lowden and Johnson Are Nominated and Balloting Has Begun—The Wood Demonstration Lasted For Forty Minutes, Lowden Forty-Two Minutes and Will Delay Balloting—Indication Is Many Ballots Will Be Taken Before Nomination Is Made.

(By Associated Press) Chicago, June 11.—Governor Allen nominated General Wood and Congressman Rodenberg nominated Governor Lowden. When Arkansas was called the state yield to Illinois for nomination of Gov. Lowden, Rodenberg, of Illinois, took the platform and delivered the address. Likening Governor Frank O. Lowden unto Lincoln and telling the delegates to the Republican National convention that once before many years ago Illinois was called upon to furnish a man when the nation was in dire distress, Congressman William A. Rodenberg, of Illinois, today placed the name of Illinois War Governor in nomination for the presidency of the United States. "Three score years ago," Congressman Rodenberg said, "at a time when the passions of men were stirred to their depths the nation turned for leadership to Illinois. We gave them Lincoln and grandly, nobly he met the test. Illinois in 1920 stands ready to consecrate to the service of the republic another of her great sons. We present the patriotic governor of a patriotic state, Frank O. Lowden."

Big Demonstration for Gov. Wood

O. P. Gen. Wood, Senator Johnson and Governor Lowden expressed confidence in the result but the balance of power is with the 500 uninstructed delegates in the convention. Lodge said he did not expect to reach balloting on vice president before Saturday.

Red Whiskey at the Convention.

(By Associated Press) Chicago, June 11.—An elderly delegate from Pennsylvania laid before the resolutions committee of the Republican National convention Wednesday a large package which he said contained matter desired to be "looked into." When Chairman Watson opened the bundle, he found a bottle of whiskey—red whiskey. Senator Smoot, of Utah, a teetotaler, was designated a committee of one to consider the subject, but returned it immediately without recommendations. Action by the full

MR. LYDAY PROPERLY CLASSIFIES WOLTERS-CURETON WORM BILL

(By Associated Press) Fort Worth, Tex., June 11.—Declaring that the Texas farmer is being "hood-winked" into believing that the special session of the legislature is working out a law which will efficiently handle the pink boll worm situation, D. E. Lyday, president of the Texas farmers' Educational and Cooperative Union, wired Brent C. Jackson, representative from Tarrant and Denton counties, today, and said that in his opinion the Wolters-Cureton bill should be entitled "An act to protect and encourage the propagation of the pink boll worm." Representative Jackson had written him, asking the opinion of the farmers upon the subject, deeming it his duty to "fight for their interests upon all questions."

TICK ERADICATION LAW IS TO BE PERFECTED

(By Associated Press) Austin, Tex., June 11.—At the instance of Senator Dudley the house returned the Barnes bill, which had passed both branches, amending the tick eradication law so as to exempt milk and dairy herds from the provisions of the law, though requiring inspections and dipping if necessary. The purpose in obtaining the return of the bill is to use it as a medium to amend the present tick law to meet the imperfections yesterday pointed out by the court of criminal appeals in the Leslie case from Milam county, where relator was ordered discharged. Senators Dudley and Bledsoe will collaborate in the effort to perfect the law and make it a workable, enforceable measure. It is not intended in the recall to change the original purpose of the Barnes bill in any manner.

LEGISLATURE IS BEHIND HOBBY AT GALVESTON

(By Associated Press) Austin, Tex., June 11.—A bill appropriating \$100,000 to defray the National Guard Galveston expenses passed the house by the required majority to make the money immediately available today.

McAdoo Called "Crown Prince"

(By Associated Press) Chicago, Ill., June 11.—Wood, Lowden and Johnson had been presented to the Republican National convention at 12:40. The demonstration following the conclusion of the nominating speech for Governor Lowden lasted forty two minutes was followed by Charles S. Wheeler of California, nominating Senator Hiram Johnson. He got cheers when he referred to the Wilson administration as the Royal Family and William G. McAdoo as the "Crown Prince," but jeers guffaws when he referred to Johnson as having inadequate funds to win the nomination.

## MADNESS IS PASSING.

(Texas Farm and Ranch)  
The people of this country have been spending prodigally and wasting recklessly. Wages have been high, business service expensive and money plentiful, but woefully inefficient in buying commodities. High prices seem to have challenged spending with the result that dealers could get most any price they had the temerity to ask.

But it seems that a decline in prices has begun. There are several causes that may be attributed to lower prices but the principal cause is, the people's awakening to the fact that they are being imposed upon. Their extravagance and lack of thrift have been seized upon by speculators, dealers and others. The awakening has been painful but convincing and doubtless will teach extortioners a severe lesson.

Farmers will be wise if they buy very conservatively. Prices cannot remain excessive. The people will not endure it. Even on declining markets buyers should use their best judgment and not help the speculators and the profiteers hold their advantage over consumers.

The Super-dreadnaught Tennessee has been launched by the government at a cost of \$20,000,000. The country needs more homes and fewer airplanes and battleships.

The question was up to Delaware and Louisiana to give the women of the United States full suffrage and both have failed. Delaware is a republican state and Louisiana is a democratic state. There are times when all political parties look alike.

"I am wearing my old clothes," said W. M. Bounds, a delegate from Collins, Mass., at the republican national convention in Chicago. That's nothing. Every sensible man has done that to the limit since clothing advanced 125 per cent.

An elevator "man" struck in Chicago because he said his tips didn't amount to enough to buy his corsets and go to the "beauty doctor" every day.

It is said that Herbert C. Hoover will work on in sending goods to the starving people of Europe and is one candidate who will not attend the Chicago convention. He will not get the nomination for presidency, either.

A man in San Antonio had three professional chauffeurs "employed" and wondered why he could not get a man to work in his garden. Every man would do well to drive his own car or walk.

Senator Hiram Johnson of California, broke into the republican councils Thursday with loud noise and vociferous applause. The republican party had better pay some attention to Uncle Hiram. Judge Hughes in 1916 went to California and forgot Hiram was there. If cost the republicans the presidency.

The Dallas News says it does not propose to pay as much for a straw hat as it paid for a straw mattress three years ago. O, yes, you will, Joe. It is the fashion to pay high for things. You will pay double the

## HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady.  
Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Cardui about my taking Cardui. He said, "It's a good medicine, and good for that trouble," so he got me 5 bottles. After about the second bottle I felt greatly improved. Before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E 74

## OFFICE SEEKING THE MAN

(Judge J. Felton Lane in Hearne Democrat)

We used to hear men advocate the doctrine that the office should seek the man and the scriptures have an injunction "in honor preferring one another" (Romans 12-10) But the modern way seems to be for numerous candidates to emerge from the fields of obscurity every two years, with larrikin hand, and endeavor to rope everything in sight.

In such times an occasional example like that which occurred at Bryan, when a mass meeting of his fellow-townsmen of Brazos county, the other county, Grimes, waiving the office of representative to Brazos county, and during his absence from the city, endorsed Hon. Lee J. Rountree, editor of the Bryan Eagle, for representative in the legislature from those counties, is refreshing. People have been prone to minimize the importance of the position of representative in the legislature, when as a matter of fact a capable and patriotic servant of the people can do much more good, and come much closer to their daily lives with remedial legislation in the state legislature than in the halls of congress at Washington. With the many able men who crave the distinction of being a senator, thus filling the senate usually with the larger men, it is of more importance that the strongest men should be content with service in what is called "The Lower House" of Texas.

Mr. Rountree is one of the ablest men in Texas, a former president of the National Editorial Association, composed of the biggest men in the United States who are members of "The Fourth Estate," and Bryan is a particular favorite in having a man of his calibre in the position of usefulness which always attaches to conducting the local paper, where it is conducted on ideals of service to its community, as papers should always be conducted.

The Brazos county district, containing the fine and virile little city of Bryan, containing the A. & M. College and a number of other educational institutions of statewide reputation, containing magnificent commercial, industrial and agricultural resources, and most important, containing a citizenship, the peer of any in Texas, is one of the most important districts in the state. If the people are fortunate enough to secure the services of Mr. Rountree as representative in that district they are to be congratulated.

## President Cooke's Endorsement

(John M. Cooke, president of the Texas Association in Rockwell Reporter)  
Lee J. Rountree, editor of the Bryan Eagle, has recently been nominated for the State Legislature by a mass meeting of the democrats of Brazos county. The endorsement came as a surprise to Mr. Rountree, who was out of the city at the time and is the more respectable by reason of the fact that a previously announced candidate withdrew from the race in order that Mr. Rountree might be enabled to accept the endorsement without embarrassment. He was not a candidate for the office. The democrats of Brazos county have made no mistake in picking Lee Rountree. He will prove a credit to his constituents and to the Legislature as well.

## SPEEDING UP ON ROADS IN DISTRICT NO 2

(From Monday's Daily)

County Engineer Horace Boyett informed the Eagle man today that the contractors were speeding up on the work on the roads in road district No. 2 in the southern portion of the county. Mr. Boyett stated that all the dirt work and drainage construction had been completed except on the last three miles next to the Navasota river. They are now putting on the gravel and have one and a half or two miles at this end completed. They have 9 big trucks and thirteen wagons hauling gravel from the Clay gravel pit to the new road.

Mr. Boyett also stated that work was progressing nicely on the repairs to Pitts bridge across the Brazos river and the bridge would be open to traffic by the last of this month. That will be good news as the bridge leads to a large and rich territory and has been closed since before the beginning of last crop season, meaning a very heavy loss in business to Bryan.

## HARVEY

Harvey, Tex., June 4.—Week after week has passed without any news occurring in Harvey. At least it has not reached our ears. The farmers have been too busy with their crops to even bring their families to church on Sunday and the women are so engrossed with gardening and fowl raising that we have no time to meet and gossip.

Five families met yesterday at Bright Light church and finished the clean up job begun a month ago, of cleaning off the burial lots and all the surrounding church yard groves, by cutting out all the undergrowth, trimming the trees and weeding out practically all the weeds, just leaving the green grass. It was a spend the day affair and a delicious dinner was spread at noon under the shady oaks which is needless to say was enjoyed by all with appetites sharpened by the hard work of the morning.

We are indeed sorry to report that Roy Blanton is still suffering with his leg which he injured several months ago in a basket ball game.

Crops around Harvey are very promising at this writing being ahead of the average crop in many other places. We think just one or two more rains soon will insure a very heavy crop of corn, and cattle are looking fine also.

Mrs. Will Goens reports that she gathered at least a hundred quarts of dewberries this spring from vines in her garden. She canned 88 quarts. You see we country people know how to combat the H. C. of L., we produce.

Schools are closing everywhere now and we hope to soon have all our boys and girls back.

Mrs. J. C. Davidson will give a party at her home tomorrow night, June 5th, for the returning college girls and boys.

Preston Goen has lately finished a deal with Mr. Dave Thompson for his farm, including his dwelling and growing crop. We hope to hear of a Mrs. Goen taking charge of things soon.

Mr. Allen Dyess also sold his home with everything complete to his son-in-law Atha Todd, and will make his home with him and his daughter.

There will be preaching at Bright Light Sunday. Everybody come.

## GREEN HUNTER LIVES IN BRAZOS COUNTY GIVEN DEATH PENALTY

Sheriff L. E. Morehead is in receipt of a letter from Sheriff Dan Harston of Dallas, stating that the negro who gave his name as James Brown and was convicted by the jury in ten minutes and given the death penalty for criminal assault on Mrs. J. M. Jones, a white woman of Dallas county, later gave his name as Green Hunter and states that his people live at Rosprim, Brazos county, and that his mother's name is Rachel Hunter and lives on the George Echols farm. The proof was conclusive as to Hunter's guilt and the jury assessed the death penalty promptly and the judge scheduled the execution at Dallas on July 9th.

Green Hunter left Brazos county some time ago and went to Oklahoma and while there the sheriff made inquiry about him regarding a burglary charge but he was never arrested and tried on the charge. The execution of Hunter will be private in the jail with only officers and physicians present.

## FREE TRIP TO ROYAL LIVE STOCK EXPOSITION

(By S. C. Hoyle)

College Station, Texas, June 9.—  
Rules governing the international  
club judging contest to be held at At-  
lanta, Ga., October 18 to 23, 1920, by  
the Southwestern Fair Association  
which have just been worked out for  
a contest almost sensational in its  
scope and altogether so in the prizes  
offered have just been received by H.  
H. Williamson, assistant state agent  
in charge of boys agricultural club  
work, extension service Agricultural  
and Mechanical College of Texas.

Each of the forty-eight states in  
the American union having organized  
club work is eligible, while the num-  
ber of representatives or prize win-  
ners from each state is left entirely  
to the discretion of the agent or lead-  
er in charge of club work in that  
state. However, each state should be  
represented by a judging team of  
three bona fide club members who  
have not previously contested in an  
interstate judging contest and should  
have been engaged in club work for  
not less than 120 days prior to time  
of selection.

Free trip to the Royal Livestock  
Exposition, London, England, will be  
given to the following: 1. To the in-  
dividual contestant securing the high-  
est total score. 2. To the three mem-  
bers of the state team securing the  
highest score. 3. To the county agent  
training the high man in the contest.  
4. To the state agent or leader of  
boys' club work sending the champion  
team. 5. To the Washington official

in charge of the geographical section  
represented by the winning team.  
These seven trips will be taken at  
the expense of the Southwestern Fair  
Association, Atlanta, Ga. Further-  
more, in each of the breeds judged  
abundant cash prizes will be awarded  
to the individuals securing the high-  
est score.

After mature deliberation the offi-  
cials of the extension service have  
decided on the following plan for  
securing the Texas representatives:  
First the county agents will select not  
more than three members to enter a  
statewide elimination contest to be  
held at the Short Course at A. and M.  
College during the summer, while  
one-third of those showing the high-  
est score will compete at a state con-  
test this fall for a place on the state  
team to enter the national contest  
to be held in Atlanta, Ga. Thus by  
elimination those entering the state  
contest will be the best material  
available from the Texas agricultural  
clubs, and much confusion and trou-  
ble will also be saved the extension  
service officials.

W. B. Cook, a member of last year's  
winning live stock judging team for  
the A. and M. College at the Chicago  
International Live Stock Exposition,  
will do most of the training, since  
he has accepted a position as animal  
husbandman for the extension serv-  
ice.

For further information talk to  
your county agent or write to the Ex-  
tension Service, A. and M. College.

## TWO LADIES WERE SERIOUSLY HURT IN BAD AUTO SMASH

(From Saturday's Daily)

Mrs. W. H. Buchanan and Mrs.  
Olivia Suber of Kurten were in a bad  
automobile accident yesterday after-  
noon and had a narrow escape from  
very serious consequences. They had  
been in the city to attend the com-  
mencement exercises of the high  
school and were on their way home  
when the accident occurred. When  
about three miles from the city the  
radius rod of the car came loose and  
dropped to the ground, causing Mrs.  
Buchanan, who was driving the car,  
to lose complete control. In a moment  
it was in the ditch and overturned,  
breaking Mrs. Suber's collar bone and  
arm near the shoulder. Mrs. Bucha-  
nan was badly bruised and cut in  
the face by glass from the broken  
windshield. Fortunately Dr. B. U.  
Sims was right near them when the  
accident occurred and in just a few  
minutes had both of them at the  
Bryan hospital where their injuries  
were given immediate attention. Mrs.  
Suber is still at the hospital and is  
resting as comfortably as could be ex-  
pected under the circumstances.

## BRAZOS COUNTY CROP OUTLOOK IS GOOD

(From Saturday's Daily)

The Eagle man talked with a num-  
ber of farmers in the city today and  
all of them were very hopeful of present  
crop conditions. Both corn and  
cotton are looking fine and growing  
fast. Grass and weeds are also grow-  
ing fast, but a little sunshine is all  
that is asked to get the best of them.  
The corn is three weeks late and will  
require at least two more good sea-  
sons to make a heavy yield. Cotton  
is good and if the boll weevils do not  
strike it to hard, "Old Brazos" will  
redeem herself this fall. A good  
acreage is planted to sweet potatoes  
in the county and the crop is good for  
the season of the year. The farm wo-  
men have begun the work of canning  
beans, peas, berries, etc. They are  
fortifying against the high prices of  
next winter.

## POLITICAL ANNOUNCEMENT

Bryan, Texas, June 10, 1920. Since accepting the nomination and endorsement of the citizens of Brazos County in mass meeting at the county court house in Bryan on May 19 to membership in the Texas legislature composed of the counties of Grimes and Brazos, being the 22nd representative district Mr. Lee J. Rountree, of Brazos County, authorizes the following statement, which is admissible at this time on account of the fact that he is not personally acquainted with many of the citizens of the district and may not have a chance to meet all before the democratic primaries Saturday, July 24th.

Mr. Rountree moved to Brazos County on January 20, 1920, and purchased an interest in the Bryan Daily and Weekly Eagle taking charge of the work on February 1, 1920. He made application after the endorsement of Brazos County to the endorsement of Grimes County, representative chairman of District No. 22 to have his name placed on Brazos County ballot of Grimes and Brazos Counties. He was born in Hayes County, Texas, and his father and mother were born and reared in Travis County and Washington County, Texas, near the site of the old capital of Texas.

At the age of twelve years he began work in a newspaper office in the capacity of what is known as a "news-peddler" and worked at the trade regularly going to night school several years. At the age of sixteen he was editor of the Kyle Star-Vindicator and assisted in organizing the town of Kyle, Hayes County, and on the day of his 21st birthday was appointed tax assessor and collector. He served as alderman and was elected president of the Texas Volunteer Firemen's Association at Paris in 1898. At the organization of the Southwest Texas Press Association at Corpus Christi was elected secretary and was elected president of the Association at Victoria at the age of eighteen years. He was elected vice president of the National Editorial Association at San Francisco in 1915 and president of the National Association in New York in 1916. He attended the World's Press Congress in 1916 and was appointed representative from Texas to the World's Press Congress at Sydney, Australia, by Governor Colquhoun. He has been a member of the Texas Press Association since 1890 and has been a member of the executive committee for ten years, the Association now being in session in Houston.

For twenty-three years he edited the Georgetown Commonwealth and the Taylor Tribune in Williamson County and has been correspondent for many years for the San Antonio Express, Dallas and Galveston News, St. Louis Republic, New York World and the Associated Press the greatest organized news-gathering combination in the world. He has been on several publicity missions of a business and political nature for these papers in the United States in Panama and South America.

He served as civil deputy United States marshal under Capt. Richard M. (Dick) Ware who was appointed by President Cleveland until the death of Captain Ware. In 1892, 1894 and 1896 he was secretary of the State Democratic Conventions at Lampasas, Dallas, and Austin while Governor J. W. Throckmorton, Jas. G. Dudley and Judge W. F. Ramsey were chairmen. He was a member of the State Democratic executive committee in 1896 during the fight to defeat Governor Culberson by the United opposition of all parties. Was tendered the appointment as financial agent of the new Southwest Texas Insane Asylum at San Antonio by Governor Jas. S. Hogg. Governor Culberson appointed him a member of the board for the Texas Deaf and Dumb Institute at Austin.

He served as chief clerk of the 25th, 26th and 27th Texas legislatures while L. T. Dashiell, of Leon; R. E. Prince, of Navarro; and M. S. McLean, of McLennan, were speakers of the House. In 1898 when the Spanish-American war was declared he was elected captain of the Taylor Rifles and volunteered his services to Governor Culberson and was assigned to duty at Camp Mabry before the close of the war. He was tendered the appointment of Lieutenant-Colonel on the staff of Governor Campbell in 1907. He was chosen presidential elector by the Democrats of Texas in 1908 and voted for William J. Bryan for president of the United States in the Electoral College. He served in the Texas legislature with the late Hon. Sam Houston and Dr. J. L. Fountain of Brazos County.

During the German war he served as

U. S. Food Administrator under Herbert C. Hoover and E. A. Peden and Texas Loyalty Ranger under appointment of Governor Hobby devoting practically all of his time for two years in the government service at \$1.00 per year. He made several hundred speeches in Texas and the north in the interest of the Red Cross, Liberty Loans and War Saving campaigns.

He was elected secretary of the first boll weevil commission at Victoria in Texas in 1898 under direction of Congressman Rudolph Kleberg, Lieutenant-Governor A. B. Davidson and U. S. Government Entomologists from Washington. He has always been identified with the agricultural interests of his native state.

He has been engaged in the newspaper, farming and banking business in Texas for over thirty years. He was elected a member of the executive committee of the State Council of Agriculture at Waco in December, 1919, and an honorary member of the Williamson County Bankers' Association in 1910. He has attended many State and National Good Highway Conventions, and is a life member of the National Good Roads Association under appointment of Governor Hobby, a member of the board of directors of the National Association with headquarters at Washington; vice president of the Texas Association of Commerce and the Texas Chamber of Commerce and a member of the board of directors of the Bryan and Brazos Chamber of Commerce.

He has always been interested in education including better rural schools and a supporter of real higher education. He was elected secretary of the Texas Industrial Educational Association at Austin in 1900, the organization promoting the interest of the College of Industrial Arts of Texas and all Industrial Educational Institutions. He was a member of the locating committee of the Texas Legislature that selected San Marcos as the site of the Southwest Texas Normal. His first visit to Bryan was in 1897 when he came with a legislative committee to visit A. and M. College while Governor L. S. Ross was president and manager of report then that the Texas Agricultural and Mechanical College was "destined to be the greatest school of its class in the United States."

In accepting the trust given to him Mr. Rountree says "I feel that the above statement will not be out of place on account of my short residence in the legislative district composed of the counties of Brazos and Grimes. If I were personally known to all I would not give these details. I am deeply sensible of the unsolicited honor given me and I shall bear in mind while your representative that there are three great and distinct departments of democratic government: (1) Judicial; (2) Executive; (3) Legislative and shall govern myself accordingly." He is of Methodist religion, a progressive democrat in politics, and by fraternal ties a Mason, Odd Fellow, Knight of Pythias and W. O. W. He has a deep and abiding faith in the true religion of all the great churches of the world and is of the firm conviction that guns, powder, battleships and having faith in ultimate victory only in the religion of Jesus Christ. He declares that this faith is inspiring and has been deepened by a personal touch with the remaining surroundings where Martin Luther was tried by the German despotism of his day; where the Wesleys lived, walked and preached; where David Livingston "sleeps the sleep that knows no earthly breaking;" in the Vatican at Rome and beside St. Peter's Gate and by a visit to the remains of the Judgment Hall where Christ walked to be tried before Pilate making the greatest of the world's trades and a close inspection of many other remaining ancient and historical shrines of the world.

"I elected your representative in the Legislature of Texas," Mr. Rountree concludes, "will hear in the good and true doctrine that 'public office is a public trust,' and that all legislative acts should come within the lofty purposes of the constitution and Declaration of Independence of the United States and the Constitution of Texas and the immortal Golden Rule." The real citizen today owes a peace service to his state and nation just as the soldier owes a service to his country in time of war. In public office a man should be a servant and a patriot and not a politician.

## BOARD DIRECTORS BRAZOS CO. SINGING CONVENTION TO BE HELD ON JULY 4

The Eagle is glad to announce that the Brazos County Singing Convention is to be revived again this year and the convention will be held at Reliance church on Sunday, July 4th, same being the first Sunday in July. Only one day's meet will be held this time, while formerly the convention was in session on both Saturday and Sunday.

The last convention was held at Allen Academy in this city in 1916 and an immense crowd was present. Soon after, the war came on and so many of our young men were away and the minds of the people were so disturbed that the convention was abandoned by common consent pending the conclusion of the war. Last year the incessant rains made it impracticable to revive the convention. Everything now, however, is auspicious and the people all over the county, and even in the adjoining counties will rejoice that this old and popular organization is to be revived.

The Brazos County Singing Convention is one of the oldest organizations in Texas, having been organized more than 40 years ago. It was at first The Unity Musical Convention and included both Brazos and Grimes counties and the elder Upchurch of Grimes county, was the first president. Several years later it became too heavy and was divided, each county organizing its own convention, and since then ours has been known as the Brazos County Singing Convention. It is a great occasion for all and the meeting this year, after a lapse of three years, will no doubt prove to be one of the most enjoyable in all its history.

J. C. Cloud of Reliance is the president of the convention, which is a guarantee of its success and that every body will be made to have a good time.

The fire was caused by the exploding of a lamp. The fire department responded promptly but the flames were beyond control when they arrived.

## MOORING WELL NO. 1 IS GOING DOWN AT SATISFACTORY SPEED

Messrs. H. C. Fulgham, Mills Walker, Roy Nunn, Hiram Downward and Lee J. Rountree went down in the Bottom late Wednesday to witness drilling operations for oil of Mooring Well No. 1, which is now down about 775 feet. While nothing is being given out by the operators there is a report that at three points oil indications have been suspiocined. Drilling is going on day and night under the direction of expert drillers employed by the Warren Oil Co. of Chicago. Mr. J. S. Mooring, who has just returned from St. Louis, is encouraged over the outlook but of course was reticent regarding all hopes and indications. In fact the big derrick is a standard and one of the finest in the United States and while the men work day and night without any unnecessary talk and speculation, is boring down into the earth at a rapid rate. The Eagle can sum up the whole thing by a remark made by Mr. Fulgham who was at Mooring No. 1 when it was spudded in: "It's great and may make oil history for Brazos county and Central Texas."

Remember the slogan: "Buy it in Bryan."

## CALL TO SINGERS

To the Singers of Brazos county:

Three years ago we called off the annual meetings of the Brazos county Singing Convention because of the fact that so many of our boys were gone to the battle front and our government was making urgent appeals for food to help win the war. These conditions however, have now been adjusted and I believe our people are ready to take up any work that is for the betterment of Brazos county and its people.

I therefore issue this call to the singers of Brazos county to meet in a one-day convention at Reliance on Sunday, July 4th, which is the first Sunday in July to reorganize our old and beloved convention. The convention will be called to order at 10 o'clock a. m. Let all the choirs in the county elect delegates between now and that date, and where there are no regularly organized choirs, I would suggest that you meet, organize and elect your delegates so that you may have representation in the convention. We are expecting some fine singers to be with us on that day. Let everyone body come; the whole county is cordially invited, and the singers of adjoining counties are also especially invited. Meet us at Reliance on the date named and let us once more enjoy the service of praise to our Maker as rendered in song.

Yours truly,  
J. C. CLOUD, President.
